

Many Thanks for Purchasing a Copy of Living In Moscow© !

The proceeds from the sale of Living in Moscow© will go to each of the following four charitable organizations:

American Women's Organization (AWO) & Nastenka Foundation (Pediatric Oncology Center)

Under funding is the biggest problem facing the Institute for Pediatric Oncology in their effort to treat Russian children suffering from cancer. This scarcity of money results in shortages of vital medicines, equipment, and qualified medical personnel. The (AWO) has for the past several years provided additional financial support through the proceeds from their annual holiday bazaar along with emotional assistance to the children and their mothers through the visits and small gifts. Nastenka Foundation was formed to help these sick children by providing the means for channeling further tax free donations, and through its website bringing the plight of these children worldwide. Further information on the Institute for Pediatric Oncology & Nastenka Foundation and how you can donate to this worthy cause can be found on Nastenka Foundation's website at <http://www.nastenka.ru>. Diema's Dream - A Foundation for Russian Disabled Orphans

Diema's Dream, a non-profit, all volunteer US foundation, was founded in 1998 and is dedicated to changing the lives of physically and mentally disabled Russian orphans by providing financial, medical and educational support. Diema's Dream needs funding to provide food, clothing, wheel chairs, bedding, medical support, educational and rehabilitation programs and staff to care for these children. Diema's Dream's larger goal is to support changes in society and government in order to create social and medical support programs that will allow parents to raise their children at home instead of living in institutions. With your help, the lives of these children can be changed! Dog & Cat Shelters / Charitable Foundation for Homeless Animals

Thousands of homeless dogs and cats roam the streets of Moscow - all in need of food, shelter, some tender loving care and a good new home, but unfortunately there aren't many people who are willing to take care of them. A group of expatriates and locals have been supporting homeless animal shelters in Moscow for several years now, by trying to find new homes for the dogs and cats, helping to raise funds and by helping out at the shelters. The funds raised from the sale of this book will be spent on dog and cat food, medicines, toys, bowls and other supplies and for medical treatment and surgery many of the animals require. For more information please visit Moscow's Animal Website at <http://www.moscowanimals.org> (sponsored by the Mayhew Animal home in London), send an e-mail to [info@moscowanimals.org](mailto:info@moscowanimals.org) or contact Peter Bryan at [peter@run.ru](mailto:peter@run.ru)
